I've also been a Lyft Driver, Guitar Center Salesman, Safeway Associate, and Romtec Inc. Employee.

Skills

- Photography

I have technical and creative photography and photo editing skills. I do event, concert, product, brand, portrait, and lifestyle photography. I have a deep knowledge of Photoshop and Lightroom for editing and compositing images.

- Audio/Video

I work a camera, dit, edit videos, mix audio, and keep the project organized! I shoot on an Canon R5. I have much experience using Premiere Pro and the Team Projects feature for working with others. I have extensive knowledge in the workflow, making transcodes/proxies, exporting, and organization within Premiere Pro. I have a deep knowledge of audio plugins and tools for mixing and editing audio files for any media type I learned these skills at MI in Hollywood, California.

- Animation

I have experience animating and compositing using After Effects, Premiere, and Procreate. I have done logo animation, infographics, stop-motion, 2D animation, and some 3D animation. I've worked with businesses, agencies, and artists. My work has been featured in the Gordon Hotel lobby in Eugene, OR; news videos for the Daily Emerald Newsgroup, music videos, and visuals for live music performances.

- Communication / People Skills

I understand the importance of communication and people skills in creative workflows! I love feedback on my work and I take direction respectfully and effectively in order to create the work that's best for the business. I am more than happy to teach others what I know whenever I can to help team growth!
